

# RESSTENDE®

## laylight® presents Qmotion®

FURNISH WITH STYLE,  
INSPIRE WITH LIGHT  
ASTOUND WITH TECHNOLOGY!

Laylight is the Resstende indoor technical roller blind, that combines elegance, attention to detail and high quality fabrics with the QMotion® technology, an innovative motorized system for indoor regulation of natural light. This is the only system on the market with an integrated function for touch control.

Simple to install, no electrical cables, designed to guarantee maximum comfort, operated by remote control or by hand.

### CHILD SAFETY

All Resstende chain operated products are supplied with the Safety Device label as stipulated by European safety regulations.

With QMotion® regulate your blind handily using your smartphone!

Resstende S.r.l. Via Ghiringhella 74 - 20864 Agrate Brianza (MB) - Italy Tel. +39 039684611
