

White Inspiration

new series of Resstende technical blinds

White Inspiration is the latest fabric collection in the Laylight product line inspired by the elegance, pureness and delicacy of the colour white. Technical fabrics for roller blinds that perfectly match the clean cut style the Laylight frames, a choice of nine shading and blackout fabrics, ideal to furnish any room with class.

The White Inspiration collection was thought up with this objective : the choice of Laylight interior blinds is now even larger thanks to the addition of the new collection of exquisite fabrics, white in a variety of hues that perfectly blend with the unique style of the

Laylight frames to furnish your home with class and originality.

The White Inspiration collection encompasses nine fabric variants, different patterns and textures to suit every taste, shading or blackout: apart from the strictly white tone, the fabrics all have in common an inimitable touch of class, lasting quality and the high technology that characterizes the Laylight product line.

100% Made In Italy, the fabrics of the new White Inspiration collection are exclusively manufactured for Resstende.

Resstende at Made Expo 2013, Milan , Italy
